Microsoft at EHI Live
Building Windows 8 Apps

Welcome to Microsoft at the *EHI Live App Village!*

Here you will be able to get hands-on with Windows 8 app development. Whether you have never written an app before in your life or are a seasoned developer, there is something for you:

Lab 1 — Exploring the New Windows 8 Modern User Interface (UI) and Windows 8 Apps

Explore the touch-first world of the Windows 8 Modern UI. Learn how easy it is to use Windows Store apps and how they integrate with the system and with each other.

Lab 2 — Building a Windows Store App Without Programming

Build your first Windows Store app without coding, using ZipApp.

Lab 3 — Get Familiar with the Windows Store App Development Tools

See how easy it is to create Windows Store apps with Visual Studio 2013.

Lab 4 — Building Your First App

See how easy it is to build apps that take advantage of system and on-line services.

Lab 5 — Using Windows Store App Advanced Features

Use some of the advanced features of Windows Store apps to build a rich user experience.

Windows 8 Pro
