

# Microsoft Dynamics Academic Alliance

The Academic Alliance helps institutions of higher education worldwide use Microsoft Dynamics 365 in their curriculum, preparing students with hands-on experience in using modern business applications

## Encourage your school to participate

- Show your interest in using technology in the classroom
- Share the website: [www.microsoft.com/dynamicsAA](https://www.microsoft.com/dynamicsAA)
- Send this document to your professors and faculty members
- Ask your professors and faculty members to contact us directly at [dynaa@microsoft.com](mailto:dynaa@microsoft.com)

### Educators

Integrate Dynamics 365 into curriculum to increase the overall value of their course offerings and demonstrate thought leadership

### Students

Prepare for the modern workplace with strong technology skills and real-world experience

### Employers

Connect with educators and hire interns and new graduates with experience using modern, intelligent business applications
