

Empower your classroom with modern, intelligent business applications from Microsoft

The Microsoft Dynamics Academic Alliance helps institutions of higher education worldwide use Microsoft Dynamics 365 in their curriculum, preparing students with hands-on experience in using modern business applications.

Program benefits:

- Dynamics 365 licenses
- Free service & support
- Resources, online training & curriculum inspiration
- Connections to Microsoft partners & customers
- Access to online communities
- New online course (MOOC)

An Academic Alliance membership will give your institution access to Dynamics 365 licenses, support, resources, and online communities to take your curriculum to the next level.

To support the learning of key business processes, educators use Dynamics 365 to prepare their students with the skills they need to be competitive in the rapidly changing world of business and technology.

Integrate Dynamics 365 into your curriculum to demonstrate thought leadership and increase the overall value of your course offerings.
