

Try Microsoft Office Free for 60 Days

Congratulations! Your new PC comes installed with a free 60-day trial of Microsoft® Office Professional 2007.

Try out these great features:

- Get better results, faster with a new, intuitive user interface
- Easily find, create, and manage business documents and data
- Manage all your contact information and sales leads in one place
- Create, publish, and manage professional quality publications in-house

Activate now and decide later. Go to www.microsoft.com/office/pctrail2007 to get your trial activation key. Then come back to us if you decide to buy. We'll give you a great price, plus easy activation of the full version that's already installed on your PC!
