

**Microsoft® Windows® XP Media Center Edition 2005
SUPPLEMENTAL END-USER LICENSE AGREEMENT**

IMPORTANT—READ CAREFULLY: This supplemental end-user license agreement (“Supplemental EULA”) is a legal agreement between you (either an individual or an entity) and Microsoft Corporation (“Microsoft”). Microsoft licenses you the Microsoft software that accompanies this Supplemental EULA, which includes computer software and may include associated media, printed materials, “online” or electronic documentation, and Internet-based services (collectively, “Software”) under the terms and conditions of the Master End-User License Agreement for Microsoft Software entered into by you and Microsoft pursuant to your participation in the Microsoft Developer Network Subscription Program (“Master EULA”), and this Supplemental EULA. You may use the Software only if you are a Microsoft Developer Network subscriber and have executed a Master EULA. **BY INSTALLING, COPYING, OR OTHERWISE USING THE SOFTWARE, YOU AGREE TO BE BOUND BY THE TERMS AND CONDITIONS OF THE MASTER EULA AND THIS SUPPLEMENTAL EULA. IF YOU HAVE NOT EXECUTED A MASTER EULA, YOU ARE NOT AUTHORIZED TO AND MAY NOT INSTALL, COPY OR OTHERWISE USE THE SOFTWARE IN ANY MANNER OR FOR ANY PURPOSE WHATSOEVER.**

THIS PRODUCT DOES NOT TRANSMIT ANY PERSONALLY IDENTIFIABLE INFORMATION FROM YOUR COMPUTER TO MICROSOFT COMPUTER SYSTEMS WITHOUT YOUR CONSENT.

The Software is supplemental software and is provided for the sole purpose of updating, supplementing and/or replacing portions of a previously licensed copy of Microsoft Windows XP Media Center Edition. If you do not already have a validly licensed copy of Microsoft Windows XP Media Center Edition, you are not authorized to install, copy or otherwise use the Software.

-
- 1. Device Connections.** You may permit a maximum of ten (10) computers or other electronic devices (each a “Device”) to connect to the COMPUTER to utilize one or more of the following services of the SOFTWARE: File Services, Print Services, Internet Information Services, Internet Connection Sharing and telephony services. The ten connection maximum includes any indirect connections made through “multiplexing” or other software or hardware which pools or aggregates connections. This ten connection maximum does not apply to other uses of the SOFTWARE, such as synchronizing data between a Device and the COMPUTER, provided only one user uses, accesses, displays or runs the SOFTWARE at any one time. This Section 1 does not grant you rights to access a COMPUTER Session from any Device. A “Session” means any use of the SOFTWARE that enables functionality similar to that available to an end user who is interacting with the COMPUTER through any combination of input, output and display peripherals.
 - 2. Mandatory Activation.** The license rights granted under this EULA are limited to the first thirty (30) days after you first install the SOFTWARE unless you supply information required to activate your licensed copy in the manner described during the setup sequence of the SOFTWARE. You can activate the SOFTWARE through the use of the Internet or telephone; toll charges may apply. You may also need to reactivate the SOFTWARE if you modify your computer hardware or alter the SOFTWARE. There

are technological measures in this SOFTWARE that are designed to prevent unlicensed use of the SOFTWARE. Microsoft will use those measures to confirm you have a legally licensed copy of the SOFTWARE. If you are not using a licensed copy of the SOFTWARE, you are not allowed to install the SOFTWARE or future SOFTWARE updates. **Microsoft Licensing, GP, Microsoft Ireland Operations Limited and/or Microsoft (China) Co. Limited (collectively "MS"), Microsoft Corporation and its subsidiaries will not collect any personally identifiable information from your COMPUTER during this process.**

3. AUTOMATIC INTERNET-BASED SERVICES. The Software features described below are enabled by default to connect via the Internet to Microsoft computer systems automatically, without separate notice to you. You consent to the operation of these features, unless you choose to switch them off or not use them. Microsoft does not obtain personal information through any of these features. For more information about these features, please see your Software documentation, the Microsoft online support site, or the privacy statement at <http://go.microsoft.com/fwlink/?LinkId=25243>.

3.1 Windows Update Features. If you connect hardware to your Workstation Computer, it may not have the drivers needed to communicate with that hardware. The Software's update feature can obtain the correct drivers from Microsoft and install them on your device. You can switch this update feature off.

3.2 Web Content Features. Under the Software's default configuration, if you are connected to the Internet, several features of the Software are enabled by default to retrieve content from Microsoft computer systems and display it to you. When you activate such a feature, it uses standard Internet protocols, which transmit the type of operating system, browser and language code of your Workstation Computer to the Microsoft computer system so that the content can be viewed properly from your Workstation Computer. These features only operate when you activate them, and you may choose to switch them off or not use them. Examples of these features include Windows Catalog, Search Assistant, and the Headlines and Search features of Help and Support Center.

3.3 Digital Certificates. The Software uses digital certificates based on the x.509 standard. These digital certificates confirm the identity of Internet users sending x.509 standard encrypted information. The software retrieves certificates and updates certificate revocation lists. These security features operate only when you use the Internet.

3.4 Auto Root Update. The Auto Root Update feature updates the list of trusted certificate authorities. You can switch off the Auto Root Update feature.

3.5 Windows Media Player. Some features of Windows Media Player automatically contact Microsoft computer systems if you use Windows Media Player or specific features of it: features that (A) check for new codecs if your Workstation Computer does not have the correct ones for content you attempt to play (this feature may be switched off), and (B) check for new versions of Windows Media Player (this feature will operate only when you are using Windows Media Player).

3.6 Windows Media Digital Rights Management. Content providers are using the digital rights management technology for Windows Media contained in this SOFTWARE ("WM-DRM") to protect the integrity of their content ("Secure Content") so

that their intellectual property, including copyright, in such content is not misappropriated. Portions of this SOFTWARE and third party applications such as media players use WM-DRM to play Secure Content ("WM-DRM Software"). If the WM-DRM Software's security has been compromised, owners of Secure Content ("Secure Content Owners") may request that Microsoft revoke the WM-DRM Software's right to copy, display and/or play Secure Content. Revocation does not alter the WM-DRM Software's ability to play unprotected content. A list of revoked WM-DRM Software is sent to your COMPUTER whenever you download a license for Secure Content from the Internet. Microsoft may, in conjunction with such license, also download revocation lists onto your COMPUTER on behalf of Secure Content Owners. Secure Content Owners may also require you to upgrade some of the WM-DRM components in this SOFTWARE ("WM-DRM Upgrades") before accessing their content. When you attempt to play such content, WM-DRM Software built by Microsoft will notify you that a WM-DRM Upgrade is required and then ask for your consent before the WM-DRM Upgrade is downloaded. WM-DRM Software built by third parties may do the same. If you decline the upgrade, you will not be able to access content that requires the WM-DRM Upgrade; however, you will still be able to access unprotected content and Secure Content that does not require the upgrade. WM-DRM features that access the Internet, such as acquiring new licenses and/or performing a required WM-DRM Upgrade, can be switched off. When these features are switched off, you will still be able to play Secure Content if you have a valid license for such content already stored on your COMPUTER.

4. Remote Desktop/Remote Assistance/NetMeeting. The SOFTWARE contains Remote Desktop, Remote Assistance, and NetMeeting technologies that enable the SOFTWARE or applications installed on the COMPUTER (sometimes referred to as a host device) to be accessed remotely from other Devices. You may use the SOFTWARE's Remote Desktop feature (or other software which provides similar functionality for a similar purpose) to access a COMPUTER Session from any Device provided you acquire a separate SOFTWARE license for that Device. As an exception to this rule, the person who is the single primary user of the COMPUTER may access a Computer Session from any Device without acquiring an additional SOFTWARE license for that Device. When you are using Remote Assistance or NetMeeting (or other software which provides similar functionality for a similar purpose) you may share a Session with other users without any limit on the number of Device connections and without acquiring additional licenses for the SOFTWARE. For Microsoft and non-Microsoft applications, you should consult the license agreement accompanying the applicable software or contact the applicable licensor to determine whether use of the software with Remote Desktop, Remote Assistance, or NetMeeting is permitted without an additional license. Except as otherwise permitted by the NetMeeting and Remote Assistance features described above, *a license for the SOFTWARE may not be shared or used concurrently on different computers, such as a workstation, terminal or other device.*

5. Storage/Network Use. You may also store or install a copy of the Software on a storage device, such as a network server, used only to install or run the Software on your other Workstation Computers over an internal network; however, you must acquire and dedicate an additional license for each separate Workstation Computer on or from which the Software is installed, used, accessed, displayed or run. Except as otherwise permitted by the NetMeeting and Remote Assistance features described above, *a license for the Software may not be shared or used concurrently on different Workstation Computers.*

6. Electronic Programming Guide. If the SOFTWARE includes access to an electronic programming guide service that displays customized television listings (the “EPG”), you agree that the terms and conditions governing your use of the EPG service are subject to a separate EPG terms of service agreement (“EPG Terms of Service Agreement”). The EPG also contains advertising content and other related EPG data, which are received and stored as data files within the SOFTWARE. If you do not agree to the EPG Terms of Service Agreement, you may continue to use the SOFTWARE, but you will not have access to the EPG. The EPG is not available in all areas. Please consult the SOFTWARE documentation for instructions on accessing the EPG Terms of Service Agreement.

7. Related Media Information. If you request related media information to be provided as part of your playback experience, you agree the data provided to you may not be in your local language. Please note: various countries/regions have laws and regulations which may restrict or limit the user's ability to access certain types of content and we urge you to determine if you are subject to such laws and regulations.

8. Consent to Update Infrared Receiver. The SOFTWARE may contain technology to ensure the proper functioning of the Infrared Emitter/Transceiver device that ships with certain Microsoft Windows XP Media Center Edition products. By accepting this EULA, you agree that the SOFTWARE may update the firmware of this device.

9 NOTICE REGARDING WORLDWIDE USE OF THE MEDIA CENTER EDITION: Windows XP Media Center Edition is not designed for use in every country. For example, although the Media Center Edition documentation may refer to certain features such as an electronic programming guide and/or provide information on how to configure a TV tuner; these features may not work for your location. Please refer to the Media Center Edition documentation for a list of features that may not work for your location.

10. RESERVATION OF RIGHTS AND OWNERSHIP. Microsoft reserves all rights not expressly granted to you in this EULA. The Software is protected by copyright and other intellectual property laws and treaties. Microsoft or its suppliers own the title, copyright, and other intellectual property rights in the Software. **The Software is licensed, not sold.**

11. BACK-UP COPY. YOU MAY MAKE A SINGLE BACK-UP COPY OF THE SOFTWARE. YOU MAY USE ONE (1) BACK-UP COPY SOLELY FOR YOUR ARCHIVAL PURPOSES AND TO REINSTALL THE SOFTWARE ON THE COMPUTER. EXCEPT AS EXPRESSLY PROVIDED IN THIS EULA OR BY LOCAL LAW, YOU MAY NOT OTHERWISE MAKE COPIES OF THE SOFTWARE, INCLUDING THE PRINTED MATERIALS ACCOMPANYING THE SOFTWARE. YOU MAY NOT LOAN, RENT, LEASE, LEND OR OTHERWISE TRANSFER THE CD OR BACK-UP COPY TO ANOTHER USER.

12. LIMITATIONS ON REVERSE ENGINEERING, DECOMPILATION, AND DISASSEMBLY. You may not reverse engineer, decompile, or disassemble the Software, except and only to the extent that such activity is expressly permitted by applicable law notwithstanding this limitation.

13. NO RENTAL/COMMERCIAL HOSTING. You may not rent, lease, lend or provide commercial hosting services with the Software.

14. LINKS TO THIRD PARTY SITES. You may link to third party sites through the use of the SOFTWARE. The third party sites are not under the control of MS or Microsoft, and MS or Microsoft are not responsible for the contents of any third party sites, any links contained in third party sites, or any changes or updates to third party sites. MS or Microsoft are not responsible for webcasting or any other form of transmission received from any third party sites. MS or Microsoft are providing these links to third party sites to you only as a convenience, and the inclusion of any link does not imply an endorsement by MS or Microsoft of the third party site.

15. MAINTENANCE. Microsoft is not obligated to provide maintenance, technical or other support, or updates to you for the Software licensed under this EULA. In no event shall Microsoft be obligated to provide you, free of charge, a copy of the non-evaluation version of the Software in connection with your evaluation.

16. NOTICES REGARDING THE MPEG-4 VISUAL STANDARD. The Software includes MPEG-4 visual decoding technology. This technology is a format for data compression of video information. For this technology, MPEG LA, L.L.C. requires this notice:

USE OF THIS PRODUCT IN ANY MANNER THAT COMPLIES WITH THE MPEG-4 VISUAL STANDARD IS PROHIBITED, EXCEPT FOR USE DIRECTLY RELATED TO (A) DATA OR INFORMATION (i) GENERATED BY AND OBTAINED WITHOUT CHARGE FROM A CONSUMER NOT THEREBY ENGAGED IN A BUSINESS ENTERPRISE, AND (ii) FOR PERSONAL USE ONLY; AND (B) OTHER USES SPECIFICALLY AND SEPARATELY LICENSED BY MPEG LA, L.L.C.

17. DISCLAIMER OF WARRANTIES. To the maximum extent permitted by applicable law, Microsoft and its suppliers provide the Software and support services (if any) *AS IS AND WITH ALL FAULTS*, and hereby disclaim all other warranties and conditions, whether express, implied or statutory, including, but not limited to, any (if any) implied warranties, duties or conditions of merchantability, of fitness for a particular purpose, of reliability or availability, of accuracy or completeness of responses, of results, of workmanlike effort, of lack of viruses, and of lack of negligence, all with regard to the Software, and the provision of or failure to provide support or other services, information, software, and related content through the Software or otherwise arising out of the use of the Software. **ALSO, THERE IS NO WARRANTY OR CONDITION OF TITLE, QUIET ENJOYMENT, QUIET POSSESSION, CORRESPONDENCE TO DESCRIPTION OR NON-INFRINGEMENT WITH REGARD TO THE SOFTWARE.**

18. EXCLUSION OF INCIDENTAL, CONSEQUENTIAL AND CERTAIN OTHER DAMAGES. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL MICROSOFT OR ITS SUPPLIERS BE LIABLE FOR ANY SPECIAL, INCIDENTAL, PUNITIVE, INDIRECT, OR CONSEQUENTIAL DAMAGES WHATSOEVER (INCLUDING, BUT NOT LIMITED TO, DAMAGES FOR LOSS OF PROFITS OR CONFIDENTIAL OR OTHER INFORMATION, FOR BUSINESS INTERRUPTION, FOR PERSONAL INJURY, FOR LOSS OF PRIVACY, FOR FAILURE TO MEET ANY DUTY INCLUDING OF GOOD FAITH OR OF REASONABLE CARE, FOR NEGLIGENCE, AND FOR ANY OTHER PECUNIARY

The foregoing limitations, exclusions and disclaimers (including Sections 16 and 17) shall apply to the maximum extent permitted by applicable law, even if any remedy fails its essential purpose. 20.
