

Having completed his SDL training and final security review, Kevlarr mounts a defense of his application.

MALWARE AND INTRUDERS! STAND DOWN! THIS IS YOUR ONLY WARNING!

Analyzing Bandwidth Hog's denial of service threat, Kevlarr brings up the firewall to deflect Bandwidth Hog's attack.

Kevlarr deploys his perimeter defenses to thwart the Spambot!

Acting on the data, he refutes the attack with authority!

OK - WHO'S NEXT?
