

Microsoft Certified Master Registration and Resources

Microsoft® Certified Master— Reach the Pinnacle of Your Profession

ADDITIONAL RESOURCES

- The MCM Program Home page is at: www.microsoft.com/learning/mcp/master
- Per Farny, Director of Advanced Training and Certification at Microsoft, provided additional information on an MSDN® blog.¹
- <http://twitter.com/perfarny>
- Per Farny, Program Director and Greg Taylor, Program Lead for Microsoft Certified Master: Exchange Server 2007 Program, made a presentation² to the UCDoers.org group.

CONTACTS

If you have any questions please contact: mcmprog@microsoft.com.

Please contact Microsoft directly if your organization would like more information on how to purchase a multi-seat readiness package for its qualified IT professionals.

Registration

Registration consists of three steps. After each step, you will receive a notification about your eligibility for or acceptance into the program and about your next steps:

1. **Fill out a brief application.** A nonrefundable \$125 application fee is required. Applicants must have completed the pre-requisite exam requirements prior to submitting the application. The exams must be listed on the applicant's transcript, or the application will be rejected and the applicant will forfeit the \$125.00 application fee.
2. **Upload your resumé/CV (curriculum vitae),** a document describing a recent project you have been involved in, and a sanitized document you have authored demonstrating your deep knowledge of the products and technologies of the program you are applying for. Your documents³ will be reviewed by the Master program leads to determine eligibility.
3. **Complete your registration,** once you receive your final acceptance into the program, by choosing your training session and paying your program fee in full.

Upon confirmation of your training session and program payment, you will receive details about the training and a recommended reading list⁴ to help you prepare. There is a high correlation between success and having completed the recommended pre-reading or having some experience with the concepts covered.

Visit www.microsoft.com/learning/mcp/master/register for additional details on how to register for the Microsoft® Certified Master (MCM) program, and to view the current schedule and program price. You are responsible for all travel costs. Due to the rigorous program requirements, it is highly recommended that you clear all engagements and commitments throughout the scheduled training.
