

# Software Assurance

Private Cloud, Management & Virtualization Deployment Planning Services

Get the most out of your IT investment with Private Cloud, Management and Virtualization Deployment Planning Services (PVDPS)—structured consulting engagements with Microsoft Services or qualified Microsoft partners. Leverage Software Assurance vouchers for custom deployment plans and upgrade your IT infrastructure.

## Plan your deployment with PVDPS

Available at no additional charge for Microsoft Software Assurance customers, PVDPS allows you to get the expert guidance you need to modernize your Windows Server platform for increased IT efficiency and agility.

- **Modernizing your Windows Server Platform.** Receive a migration analysis and plan to modernize your Windows Server platform—an important first step in enabling you to increase IT efficiency and agility.

## Choose the offering engagement for your business

As a Software Assurance customer, you are entitled to Planning Service days, which can be redeemed for deployment planning engagements with Microsoft Services or qualified Microsoft partners. The number of Planning Services days you are eligible for depends on the type and number of Software Assurance licenses you have. Planning Services days are pooled and can be used on any of the engagement offerings.

## Learn what Software Assurance benefits can do for you:

- Identify ways to optimize your IT infrastructure
- Streamline deployments
- Modernize your IT infrastructure

## Using Planning Services days

Available in engagements of 5, 10, or 15 days, Planning Services offer a structured yet collaborative consulting experience. The longer engagements allow for a deeper look at specific technologies and provide more in-depth analysis and deployment planning. Your qualified partner can work with you to determine specific components to support your organization's needs and help ensure you have an understanding of what can and will be included in your engagement.

As a Microsoft Volume Licensing customer with Software Assurance, your organization receives a number of Planning Services days based on your licensing agreement(s). Find out how many Planning Services days your organization is eligible for by going to the [Microsoft Volume Licensing Service Center](#) (VLSC), or if your organization has a Microsoft Products and Services Agreement (MPSA) go to the [Microsoft Business Center](#) (previously named the Microsoft Volume Licensing Center).

- See the [VLSC Software Assurance Guide](#) for detailed, step-by-step instructions for accessing and using Planning Services.
- Microsoft Products and Services Agreement (MPSA) customers go to the [Microsoft Business Center](#).
- To locate a qualified partner, visit the [Planning Services Partner Directory](#) or check with your Microsoft representative.

Planning Services has eight offerings available to help you plan your deployment of Microsoft technologies: Desktop (Office/Microsoft 365, and Windows); Developer Tools; Dynamics; Private Cloud, Management, and Virtualization; Public Cloud, Microsoft Azure; SharePoint; Skype for Business and Exchange; and SQL Server Deployment Planning Services.
