

## Dove stained glass

- Step 1: Select File > Print. Load a transparency into the printer, following your printer's directions for printing transparencies.  
Print the dove images.
- Step 2: Cut out the images using a sharp utility knife.
- Step 3: Insert the trimmed image into a deep photo frame and tape it in place. Do not place the photo frame backing behind the image.
- Step 4: Place the framed image near a light source, so that the light shines through it.

## Peace stained glass

- Step 1: Select File > Print. Load a transparency into the printer, following your printer's directions for printing transparencies.  
Print the peace image.
- Step 2: Cut out the image using a sharp utility knife.
- Step 3: Insert the trimmed image into a deep photo frame and tape it in place. Do not place the photo frame backing behind the image.
- Step 3: Place the framed image near a light source, so that the light shines through it.

### TIP

Print the images onto the transparency paper twice to ensure the best colour saturation.
