

Luggage tags

- Step 1: Select File > Print. Load Shrinky Dinks® shrinkable plastic into the printer, following your printer's directions. Print at lowest quality setting. The printed sheet should appear faded.
- Step 2: Cut out the luggage tags using paper scissors or a utility knife. Cut out the white rectangle on the sun tag and the white circle on the airplane tag). Using a WATERBASED marker, write personal information on the tags.
- Step 3: Lay the luggage tags on a cookie tray lined with a paper bag. Bake (following the directions on the Shrinky Dinks® shrinkable plastic package) then let cool. Thread ribbon or leather strapping through the holes and affix the tags.
