You can see the latest style of education at this school

SCHOOL ACHIEVEMENT SNAPSHOT

LEADERSHIP & CULTURE OF INNOVATION

My school vision ICT 4C STUDY - Tsukuba style

Information Community Communication Cognition Comprehension Technology

Community

Communication

Community • • • Gather information using tablet PCs , Summarize using interactive study system through computers, collaboration with research institution through video conference system.

Cognition

Comprehension

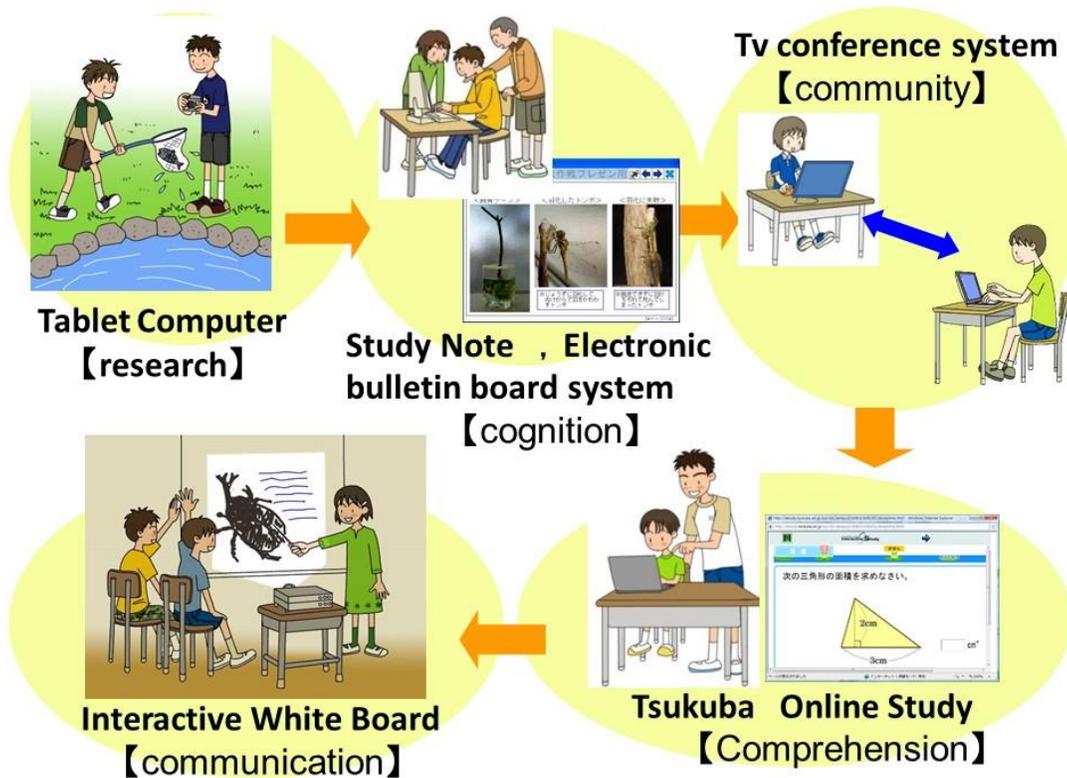

Communication • • • Presentations using interactive whiteboards, presentations using Power Point and interactive study system through computers.

Cognition • • • Discussion using digital textbooks and [by using electric bulletin board.](#)

Comprehension • • • Acquire basic and fundamental knowledge online, Acquire deeper knowledge through digital textbooks.

TEACHING, LEARNING & ASSESSMENT

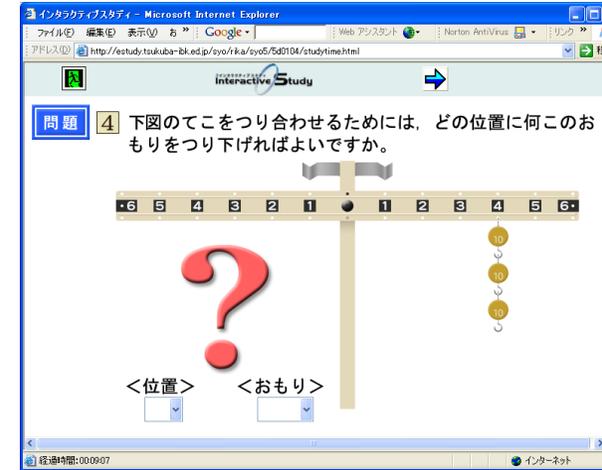

- Students can use technology independently in Kasuga
- To gather information for their learning activities with tablet computers [Workplace field trips(8th grade), Environmental research (5th grade)]
- They can learn with students of other schools through video conference system

school

home

Tsukuba City has its own web learning system "Tsukuba Online Study". There are more than 10,000 question for 1st-9th graders. Students can study all subjects anytime, anywhere, and at their own pace. It can be used to review the lessons the students couldn't understand well. Of course, there are many high-level questions. So students can improve their ability at home also.

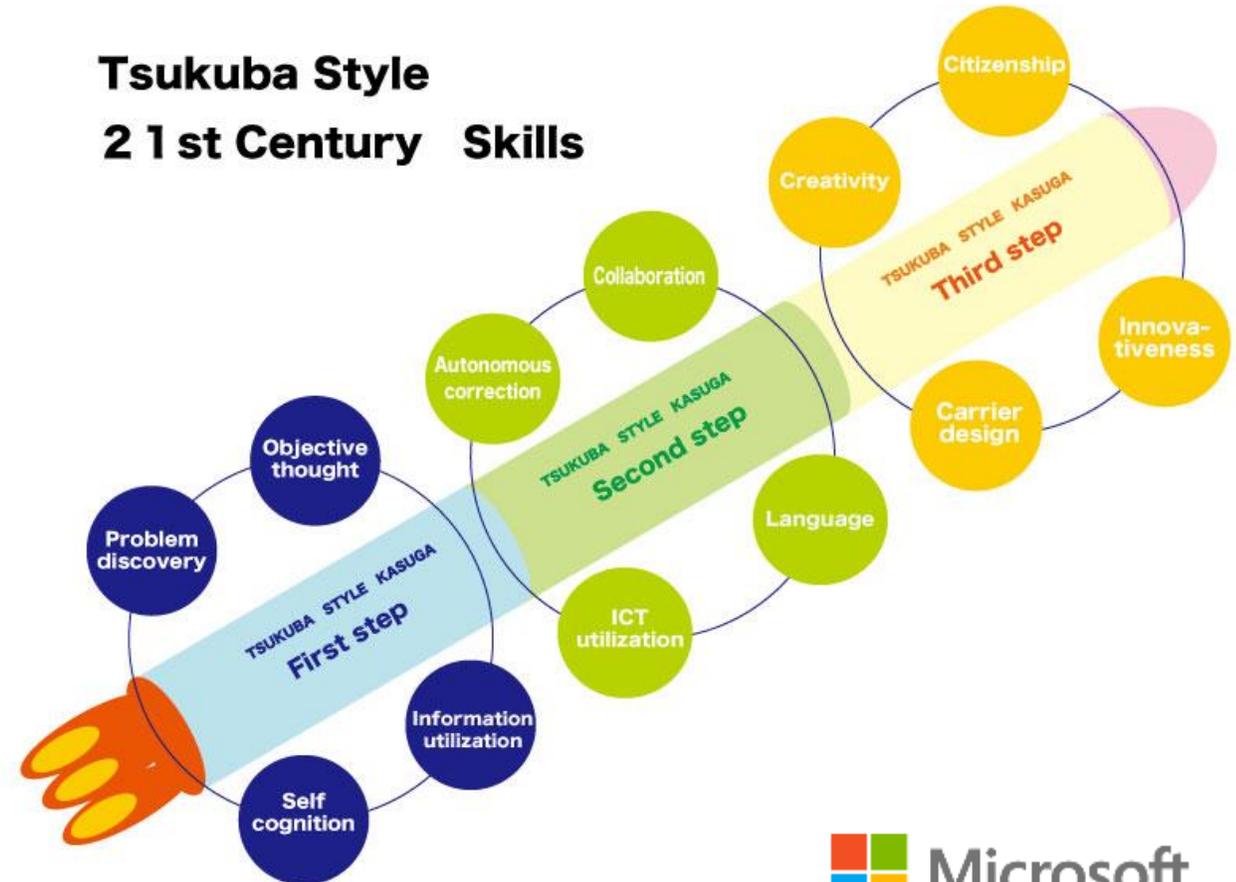

CAPACITY BUILDING

- We have teachers' training time every month.
- The principal designated a "Study Chief" and he designs their training program.
- Every teacher is very cooperative and enthusiastic.

- 2014 priorities were to grow students' ability to think logically and to use technology effectively to grow 21st century skills for the students.
- To grow students' logical thinking using digital "thinking tools" and to use technology effectively to grow 21st Century skills will be targeted in 2015.
