

Microsoft® Broadband Networking

PCI Adapter | MN-130

Adds a desktop computer to your Ethernet network

The Microsoft PCI Adapter allows you to add a desktop computer to your home or small-office network. The adapter installs in a standard PCI slot inside your computer and enables up to 100 Mbps fast Ethernet speeds.

Benefits

- Share a broadband connection over an Ethernet network.
- Share files and printers with other computers on your network.
- Play games with multiple players on the Internet and within your own network.

Features

- Easy-to-use Setup Wizard
- Microsoft Broadband Network Utility for easy monitoring of your network status
- Wake-On-LAN (WOL) capability
- Toll-free product support, 24 hours a day, 7 days a week

Included in the Box

- Microsoft Ethernet PCI Adapter
- Setup CD-ROM
- Start Here guide and User's Guide

10/100 Ethernet PCI Adapter MN-130

Adds a desktop computer to your Ethernet network

System Requirements

Requirements (Wired PCI Adapter)

- Computer with an available PCI slot
- Microsoft Windows® 98, Windows 98 SE, Windows Millennium Edition (Windows Me), Windows 2000* Professional, Windows XP Professional, or Windows XP Home Edition
- Network or other devices: Microsoft Wired Base Station or Wireless Base Station, or other Ethernet or Wi-Fi device or network

* Setup features and functionality are limited on Windows 2000.

Additional Requirements (Setup Wizard and Broadband Network Utility)

- Microsoft Internet Explorer 5.0 or later; setup will install Internet Explorer 6.0 browser components if needed, but will not displace your primary browser.
- 28 MB of available hard-disk space if you already have Internet Explorer 5.5 or 6.0
- 4x or faster CD-ROM drive
- VGA or higher-resolution monitor Recommended
- 3.5" high-density disk drive
- Microsoft Mouse or compatible pointing device

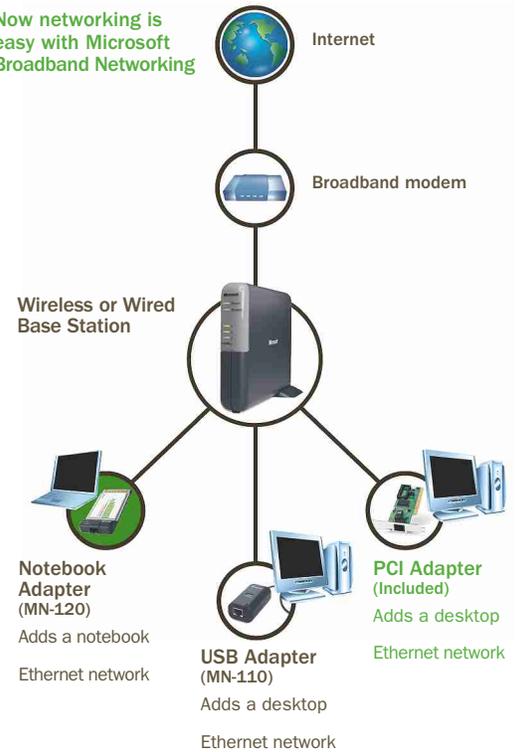

Note:
Not all Internet service providers (ISPs) allow the sharing of a broadband connection. Please check with your ISP

The easy way to add a desktop computer to your Ethernet network

The Microsoft 10/100 Ethernet PCI Adapter makes it easy to add a desktop computer to your home or small office.

- Easy-to-use setup wizard helps you add a desktop computer to your network in minutes.
- Enables your desktop computer to share a broadband connection, files, printers, with other computers on your network (Base Station sold separately).
- Includes the Microsoft Broadband Network Utility allowing you to easily monitor your network status.
- Supports 10 Mbps Ethernet and 100 Mbps Fast Ethernet networks.
- Lets you play games with multiple players on the Internet and within your own network.
