

Microsoft Machine Learning Server

ANALYZE DATA
WHERE IT LIVES

INNOVATE
USING AI

BUILD MISSION-
CRITICAL APPS FASTER

Customers continually demand more personalized experiences

\$1.2T

By 2020, businesses using AI, big data, and IoT for insight will take \$1.2T annually from their peers¹

Microsoft Machine Learning Server is analytics offering combining the best of open source and Microsoft innovation for more effective predictions and faster time to insight

Open source innovation

Microsoft innovation

Enhance your ability to do GPU-powered deep learning and advanced analytics with R and Python

Achieve faster insights with parallelized processing of big data

Build cognitive intelligence into your apps or use pre-calibrated models to accelerate innovation
