

About the Authors

Tim McMichael

Tim has been a high school computer science teacher for the past 11 years. He currently teaches Advanced Placement (AP) computer science, .NET programming, and computer game programming at Raymond S. Kellis High School in Glendale, Arizona. Prior to teaching, Tim worked for several years as a database application developer. Tim is also the author of the *98-361: Software Development Fundamentals* and the *92-362: Windows® Development Fundamentals* Exam Review Kits in the MTA Certification Exam Review Kit series.

Patricia Philips

Patricia taught computer science for 20 years in Janesville, Wisconsin. She served on Microsoft's National K–12 Faculty Advisory Board and edited the Microsoft® MainFunction website for technology teachers. For the past five years, she has worked with Microsoft in a variety of roles related to K-12 curriculum development and pilot programs, including Expression Studio web design, XNA® game development, and MTA Certification Exam Review Kits. She is currently the editor of the Computer Science Teachers Association newsletter, the *Voice*.

Peer Reviewer

Tom Indelicato

Tom has taught computer science at Bishop Guertin High School in Nashua, New Hampshire for 11 years, including courses on Microsoft Office applications, Microsoft Visual Basic programming, AP computer science, and, most recently, autonomous robotics programming. Outside the classroom, he runs the school's FIRST Robotics team. Prior to teaching, Tom was a software engineer for 17 years.
