Student activity:

Directions to the student:

Read the following scenario. Study the online tutorial and take the quiz. Share your score with the instructor.

Scenario:

As the owner of Alpine Ski Resorts, you are in the process of hiring a web developer. You have done some research and talked with friends to determine what skills to require for this role.

You decided that the new developer must be familiar with using HTML5 and CSS3. In addition, the candidate needs to have good JavaScript skills. You plan to use the w3schools.com JavaScript quiz as a starting point to test the candidates' skills.

Content:

1. Use the W3Schools website tutorial to review your JavaScript skills: <http://www.w3schools.com/js/>
2. Take the quiz at the end of the tutorial: http://www.w3schools.com/js/js_quiz.asp
3. The maximum score is 20 points. If you get a score lower than 18, review the tutorial and try again.
