#### Important Health Warning About Playing Video Games

##### Photosensitive seizures

A very small percentage of people may experience a seizure when exposed to certain visual images, including flashing lights or patterns that may appear in video games. Even people who have no history of seizures or epilepsy may have an undiagnosed condition that can cause these "photosensitive epileptic seizures" while watching video games.

These seizures may have a variety of symptoms, including lightheadedness, altered vision, eye or face twitching, jerking or shaking of arms or legs, disorientation, confusion, or momentary loss of awareness. Seizures may also cause loss of consciousness or convulsions that can lead to injury from falling down or striking nearby objects.

**Immediately stop playing and consult a doctor if you experience any of these symptoms.** Parents should watch for or ask their children about the above symptoms—children and teenagers are more likely than adults to experience these seizures. The risk of photosensitive epileptic seizures may be reduced by taking the following precautions: Sit farther from the screen; use a smaller screen; play in a well-lit room; do not play when you are drowsy or fatigued.

If you or any of your relatives have a history of seizures or epilepsy, consult a doctor before playing.

## GAME MODES

### DANCE

It's time to strut your stuff!

- To begin, select a song. The Flashcard preview gives you a glimpse of the routine. The difficulty is displayed under the artist's name.
- Next, choose to PERFORM IT, BREAK IT DOWN or have a DANCE BATTLE.

**Tip:** For continuous dancing, select MAKE A PLAYLIST from the songlist. Choose a preset playlist or make your own. You can save up to five custom playlists with up to 20 songs in each.

### PERFORM IT

Show off your moves!

- To begin, select a skill level. You can then change the on-screen dancer and venue.
- Next, select READY to start the song. If you're playing with a friend, you both select READY. You can also select PLAY SOLO to start playing without your friend.

**Tip:** To join a friend who is dancing solo, simply step in and raise your hand. You'll join the routine at the same skill level as your friend.

### BREAK IT DOWN

Learn the skills you'll need to impress an audience!

**FULL SONG SESSION** Practice every move in a routine.

**FOCUS ON SELECT MOVES** Make a list of moves, and then select DANCE. You can work on a move until you've got it down.

### DANCE BATTLE

Go head-to-head with a friend!

- First, select a skill level.
- Next, select a crew to represent. You and your friend must rep for different crews in DANCE BATTLE. Some crews may be locked until you earn the right to rep for them in CREW CHALLENGE.
- Finally, you both select READY, and the battle begins!

**Tip:** Get major points during FREE-4-ALL sections by performing moves better than your friend. You know it's time to dance a move when the figure in one of the Flashcards in the top row starts dancing.

## CREW CHALLENGE

Reach for the top in this all-new story mode!

- To begin, select a skill level.
- Next, impress the Riptide crew by earning enough stars on their favourite songs. If you can earn the right to rep for them, your status will increase, and other crews will want to see your skills.

**Tip:** In this mode, you can unlock new dancers, outfits, and crews to represent.

## FITNESS

Have fun while getting a serious workout!

- To begin tracking how many calories you burn while playing, toggle FITNESS MODE ENABLED on.
- For a continuous workout, select one of the Fitness Playlists based on the kind of workout you want.

**Tip:** FITNESS mode tracks activity through all game modes. For a more complete workout, disable Freestyle sections (see GAMEPLAY SETTINGS).
