WIRELESS-B ADAPTER

High Performance Networking Made Easy

Wireless Notebook Adapter

MN-520

Adds a notebook computer to your wireless network

Unparalleled easy networking

The Microsoft® Broadband Networking Wireless Notebook Adapter makes it easy to add a notebook computer (or any computer with a PC Card slot) to the 802.11b or 802.11g wireless network in your home or small office.

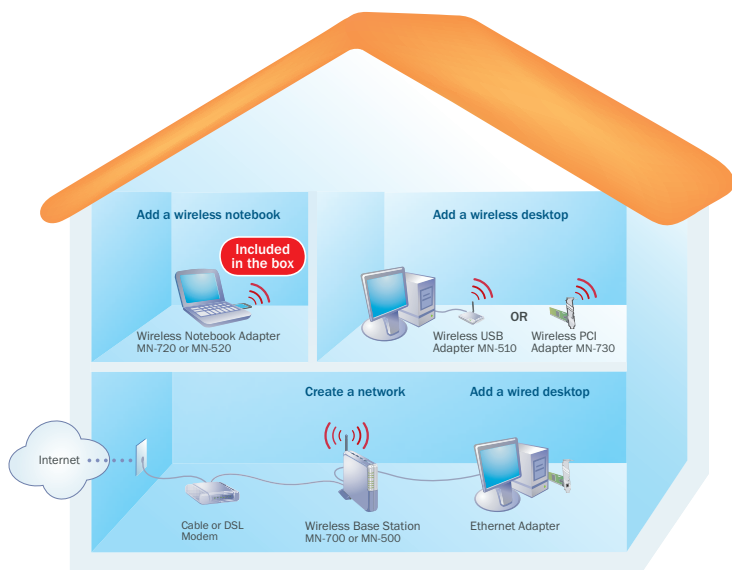

- **Unique software installation wizard** walks you easily through setup.
- Fully compatible with all 802.11g and 802.11b Wi-Fi networks.
- **Superior graphical Broadband Network Utility** makes it easy to manage your network.

High performance

- Faster than typical broadband speeds—up to 11 Mbps.
- Enjoy wireless freedom—playing music, games, and video anywhere.

Critically acclaimed high security

- State-of-the-art secured connection to your office using Virtual Private Network (VPN) passthrough and tunneling.
- Flexible support for 802.1x, 256-bit Wi-Fi Protected Access (WPA), and 128-bit Wired Equivalent Privacy (WEP) delivers strong wireless security.

Share your broadband with the other computers in your home or small office. This diagram can help you determine which products you need for your personal network.

Included in the box:

- Microsoft® Broadband Networking Wireless Notebook Adapter—802.11b/Wi-Fi PC Card network adapter (Dimensions: 2.1" x 3.4" x 0.3")
- Software CD with the easy-to-use setup wizard and Microsoft Broadband Network Utility
- *Start Here* guide
- *User's Guide*

System Requirements:

To use the Microsoft® Broadband Networking Wireless Notebook Adapter MN-520, you need:

- Microsoft Broadband Networking Wireless Base Station or other Wi-Fi access point
- PC with an available Type II PC Card slot; drivers are included for Microsoft Windows® 98, Windows 98 SE, Windows Millennium Edition (Windows Me), Windows 2000* Professional, Windows XP Professional, and Windows XP Home Edition operating systems

To use the Microsoft Broadband setup wizard and Network Utility, you need:

- PC running Microsoft Windows® 98, Windows 98 SE, Windows Millennium Edition (Windows Me), Windows 2000* Professional, Windows XP Professional, or Windows XP Home Edition operating system
- Microsoft Internet Explorer 5.0 or later; setup will install Internet Explorer 6.0 browser components if needed, but will not displace your primary browser
- 132 MB of available hard-disk space if you are installing Internet Explorer for the first time; 40 MB of available hard-disk space if you already have Internet Explorer 5.5 or 6.0 installed
- 4x CD-ROM drive
- VGA or higher-resolution monitor; Super VGA recommended

*Features and functionality are limited on Windows 2000.
