#### **Great Price.**

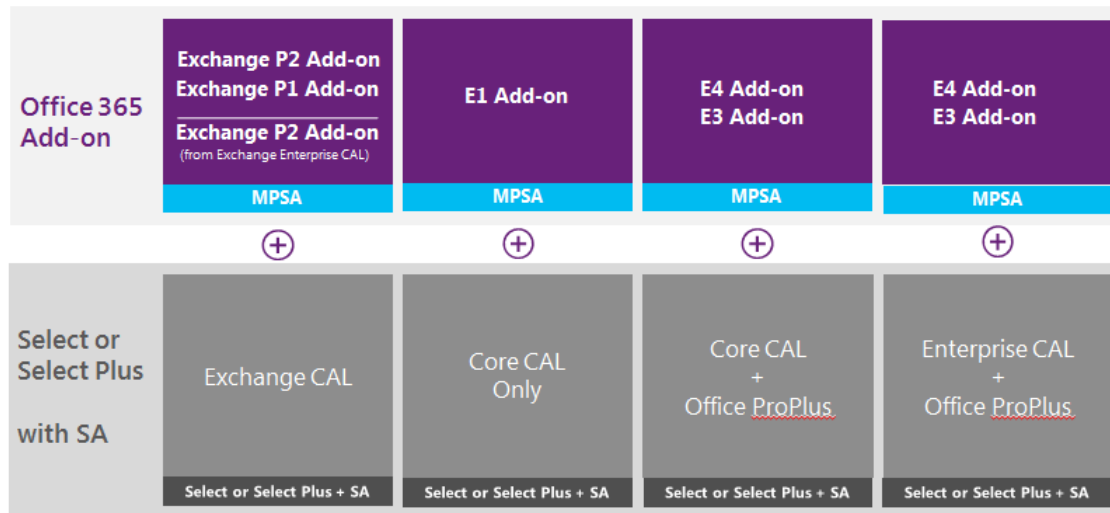

Pricing recognizes your existing investments in CAL Suites and Office with Software Assurance, while preserving your volume discounts for on-premises software and online services.

#### **Flexible.**

Office 365 Add-on options provide flexibility, giving you an easy way to add Office 365 at any time, for any number of users, to any workload.

### Office 365 Add-on for Select and Select Plus customers

With the Office 365 Add-on through MPSA, you have several options to add Online Services on top of your existing CAL Suite and Office Professional Plus licenses with underlying Software Assurance. Which Add-on you choose is determined by your current licensing position.
