

Microsoft Dynamics 365 for Financials

# Product availability, localization, and translation guide

## Availability

Microsoft Dynamics 365 for Financials is localized, translated, and supported by Microsoft and made generally available in the countries<sup>†</sup> listed below. To learn more about supported versions of Microsoft Dynamics 365 for Financials localized and/or translated by Microsoft, refer to the product availability tables below.

## Languages

Translation is the process of adapting software or documentation to meet language requirements for a particular country. For any given language, Microsoft may translate some, all, or none of the user interface (UI) and documentation for Microsoft Dynamics 365 for Financials. Contact your channel partner or the local Microsoft office for more information.

## Country localizations

Localization is the process of adapting software to meet country-specific laws or regulations.

Microsoft localizes Microsoft Dynamics 365 for Financials to include features and functionality designed to address specific tax, counting or financial reporting requirements for various countries. Features or

functionalities that are available in a particular country may not be available in all countries. Please consult your channel partner for details about features and capabilities. Also consult them and/or your professional advisers to determine whether this software is appropriate for your business needs in a given country.
