ENHANCED LEARNING & TEACHING EXPERIENCE

#TransformWithDevices- MASP** offers ICT curriculum - aligned to National ICT Policy. Microsoft's ICT curriculum nurtures students' inquisitiveness and imagination, enabling them to access a wide variety of information and resources while helping themselves solve problems.

To enable effective use of ICT tools and technology in classroom, Microsoft closely engages with the educators and students through exclusive programs and MASP⁺ provides institutes the access to these programs & initiatives.

MICROSOFT STUDENT ASSOCIATE ENGAGEMENT

The Microsoft Student Associate Engagement provides students the access to a series of 4 webinars scheduled in a month. These webinars help students gain insights into critical skill areas and understand how technology helps them gain those skills.

Themes for student webinars include:

- Productivity tools; Office 365, Skype, Yammer
- Windows Apps
- Azure Concepts
- Big Data and Internet Of Things
- Entrepreneurship Case Studies
- Gaming (Optional)

*Terms & conditions apply.

MICROSOFT EMPOWERED TEACHER SESSIONS

Educators play a significant role in nurturing future ready skills of students. To help educators leverage the benefits of technology and enhance the teaching experience for their students, MASP⁺ provides access to Microsoft Empowered Teacher Sessions. These training sessions are delivered as bi-monthly webinars.

Themes for teacher sessions include:

- Collaboration tool in classroom; Office Mix, Skype, Sway, OneNote and SharePoint
- Content Creation
- Windows Apps and coding
- New technology concepts: Cloud, Azure and Internet of Things
- Tools for 21st Century Learning

MICROSOFT IMAGINE

ACCESS A LIBRARY OF SOFTWARE YOU NEED.

#TransformWithDevices- MASP+ offers institutes the benefit of free Microsoft Imagine. It is a Microsoft Program that supports technical education by providing access to Microsoft software for learning, teaching and research purposes. For more information, visit <https://catalog.imagine.microsoft.com/>

FOR INSTITUTES

Provides a cost-effective way to leverage Microsoft developer tools, platforms and servers in labs and classrooms, and on students' computers for learning and research purposes. It reduces lab costs and teaching budgets

FOR STUDENTS

Gives students Microsoft professional-level developer and designer tools at no cost so that students can chase their dreams and create the next big breakthrough in technology - or just get a head start in their career

FOR EDUCATORS

Helps educators teach the latest technologies and experiment in research. It gives educators the resources to ensure their classrooms always have the latest technologies to challenge, motivate, and keep students engaged in new ways
